## GOAL SETTING

---

### Setting clear expectations helps your team meet their goals

To set your team up for success you must set clear goals and expectations. This allows them to plan in advance if they need to attend any specific training courses throughout the year and makes sure they're focusing their training in the right place.

**Pro-Tip: A good goal is S.M.A.R.T.: Specific, Measurable, Achievable, Relevant, and Time-Bound. [Click here for more details.](#)**

## ACCOUNTABILITY

---

### Holding your team accountable will keep them engaged in the training process

After you've set clear expectations and goals, allow your team member to "own" their training process. This allows them to train in the way they learn best and will increase buy in. Be sure to check in on their status regularly and adjust goals as needed.

**Pro-Tip: [Click here to check out the PSAEducation.com Certification Tracking tool for an easy way to keep track and report on certifications and continuing education units.](#)**

## TOOLS & RESOURCES

---

### Open the door for ongoing training and show your team it's a priority

As one of the greats once told us, "you can't start a fire without a spark," and that's equally true for continuing education training. Your team needs you to provide the opportunities and time for them to be successful and meet the goals of the company.

**Pro-Tip: Everyone learns in a different way! Give your team options to suit their learning style.**

- Industry and Product Certifications
- Continuing Education Requirements
- Online and In-House Training
- Conference Education
- Webinars
